

SASOL

MEETING ROOM BRIEFING

Protect yourself and others against infections

If any person is showing symptoms, please leave and seek medical attention. Inform your line manager.

Use a cloth or the inside of your elbow, should you need to sneeze or cough. Dispose of the cloth immediately.

Only people that really have to be in the meeting should be present.

Always wear your cloth face mask (as per legislation) even when social distancing can be applied.

Maintain a distance of 2m at all times from other members.

If the minimum distances cannot be adhered to, then an alternative venue must be used.

Do not share any objects including markers, laser pointers or pens.

Wipe down these objects before and after use.

Do not shake hands.
