

Incident Learning: COVID-19 Positive Test Result

Three employees have tested positive for COVID-19 after employees contacted the company Clinic due to signs of sickness last week. Employees were put on self isolation. All three results came in on 07-08/07/20 as positive.

Contact tracing have been activated. Close contacts will be required to self-quarantine and sent for testing.

Shared facilities have been disinfected. Investigation in progress.

Learning:

Went well:

- Employees reporting incident
- Isolation of employees.
- Timeous Contact tracing
- Social distancing.
- Authorities informed. DEL and NICD

Improvements:

- Staff rotation to minimise staff numbers at any one time
- Assurance on employee use of masks by line managers
- Sick employees to be encourage to stay at home.
